

FRIDAY JUNE 21, 1895.

THE TREASURY AND THE GOLD SYNDICATE

The receipts of the National Treasury for the eleven and a half months of the fiscal year ending June 30, 1895, were: From customs, \$146,133,687; from internal revenue, \$136,954,163. During the last five months the receipts from customs were: January, \$17,361,916; February, \$13,324,631; March, \$14,920,729; April, \$12,453,086; May, \$12,474,535; and for June (estimated) \$13,000,000. During the same period the receipts from internal revenue were: January, \$20,414,964; February, \$18,800,046; March, \$18,514,977; April, \$19,618,889; May, \$19,714,053; and for June (estimated) \$11,000,000.

There is a deficit of \$18,000,000, but the gold reserve amounts to about \$99,000,000 and the cash balance in the Treasury amounts to nearly \$184,000,000, so that the Government expects to be able to get along without calling an extra session of Congress. This it hopes to do with the assistance of the gold syndicate. The syndicate agreed, with the last bond contract was made, to protect the gold in the Treasury, from withdrawal for export. So far it has lived up to the terms of the agreement and for some time there have been no gold shipments to Europe.

The gold syndicate, which has its headquarters in London and its agents throughout the United States, can stop at will the flow of gold to or from this country. That has been proved, since it purchased the \$62,500,000 bonds last February. It then agreed to prevent the flow of gold to Europe until October, consequently no gold is withdrawn from the Treasury for shipment to London, Paris or Hamburg. The syndicate, as is shown, has it in its power, regardless of the balance of trade and commercial purposes, to stop the shipment of gold from the United States to Europe or from Europe to the United States. It controls the finances of the world. It decrees that no more silver shall be coined and its mandate is obeyed in Washington and India, as well as in London and the other capitals of Europe. It dictates the policy of this Republic, where all power and authority is nominally vested in the people, as well as the policy of Great Britain, Germany and Russia, where the authority is vested in crowned heads, and the sovereign people of the United States are as submissive to its dictates as the peasants and serfs of the old world.

HARD ON THE BOSSES.

The reform movement is a severe blow to the political bosses, especially in the large city. In New York it has sent several of the big manipulators into exile and a few of the smaller fry to the State prison. In San Francisco it reduced Boss Burns, who controlled large blocks of votes, from a manipulator whose influence controlled not only municipal nominating conventions, but also the Republican State Convention, to the level of an ordinary "sell out," and while only a few of big game were sent to San Quentin no many of them were rewarded with office in consequence of the election of Mayor Sutro. In Chicago the bosses are badly demoralized. One of the gang, who probably felt that he did not receive his full share of the spoils, told how the bosses worked the various departments for all that was in them and several of them, in consequence of the confession, have gone to Canada to spend the summer. The small fish whose share of the steals was not sufficient to support them in retirement, have been arrested and there is as great demand for bondsmen in the City by the Lake as in the Mint City of Nevada.

It is time the political boss was called to account for his misdeeds and it is to be hoped the war being waged against him will result in his extermination.

PROPOSED MINING LAWS.

The California Miners' Association has prepared two bills, which will be introduced in the next Congress and their passage advocated. One provides for an appropriation of a million dollars to be expended in restraining mining debris upon the tributaries of the Sacramento and San Joaquin rivers. The object of this bill is to impound tailings in the mountain ravines so that hydraulic mining can be resumed in all the paying diggings of California. The second bill provides for determining the character of land, that is whether it be mineral or agricultural, and for the transfer of all disputes regarding the mineral character of land from the Federal land offices to the local courts of the county in which the land in dispute is situated.

The passage of these bills is expected to afford protection to the miner which is not given him by the present laws, and to prevent corporations and others from acquiring title from the General Government to mineral lands. The endorsement of the Miners' Association may have the effect of getting the support of the California Representatives in Congress for the bills, though it is probable that the farmers will protest against their passage, as the valley men are opposed to any legislation that encourages hydraulic mining in California.

Ex-Congressman Bryan of Nebraska says the silver Democrats expect to control the next National Convention, in which event the goldmen will bolt and Mr. Cleveland and Mr. Carlisle will vote the Republican ticket.

SILVER VOTED DOWN.

THE REPUBLICAN LEAGUE.

A Gaudy Circus with a Silver Side Show.

CLEVELAND, June 20.—It was after 2 o'clock this morning when the Sub-Committee on Resolutions of the League adjourned. Mr. Blackwell of Massachusetts presented a resolution inclining very strongly toward a gold standard, and numerous other resolutions expressing all sorts of views on the money question followed in quick succession. It was soon evident that there were only two real bimetalists on the committee—Senator Dubois of Idaho and Mr. Allen of Utah. They spoke for free coinage at 16 to 1 without waiting for the co-operation of any other nation.

As the discussion progressed the tendency became manifest to dodge the entire question by declining to adopt resolutions of any kind.

A resolution was offered declaring that it was not the duty of the League to adopt a platform for the Republican party as that important action should be left to the National Convention which nominates Presidential and Vice Presidential candidates.

Dubois and Allen vigorously opposed this resolution, holding that it was the duty of the League to declare its principles.

The gold men spoke in favor of the resolution. The vote was 9 to 2 in its favor.

The Tennessee delegation requested ex-Congressman William R. Moore to prepare an address to the Republican party to be delivered to the convention setting forth the claims of the South to fuller recognition by the party.

When President Tracey called the convention to order at 11 A. M. the first thing done was to appoint a committee to invite ex-Senator Warner Miller of New York to address the convention.

The Committee on Credentials reported in favor of seating both delegations from South Carolina. This was adopted. The rules of the Reed House and the Denver Convention were adopted.

Warner Miller then addressed the convention. He argued forcibly against the tariff being taken out of politics. He held that the conditions were such as to prevent it. Any party whose policy created deficiencies was a failure. The Republicans were not for a tariff for a revenue only, but for a tariff for a surplus also. His argument for the Monroe doctrine and the American flag on Hawaiian soil was vigorously applauded. He argued for "sound money" and such an organization of the banking system as to extend the circulating medium without dependence on Government bonds for the issues of bank notes.

THE KIEL CANAL.

It is Formally Opened by Emperor William.

BRUNSWICK, June 20.—At 8:45 A. M. to-day the Imperial yacht Hohenzollern with Emperor William and Princess on board, entered the western water gate of the Baltic and North Sea canal in order to formally open it. The gate was magnificently decorated. The Hohenzollern passed through amid ringing cheers, bands played the national anthem and crowds joined heartily in the chorus. His Majesty stood on the deck and bowed his thanks with visible emotion.

At 4 o'clock the Hohenzollern covered the threads stretched across the canal and commenced its passage of the new waterway.

This being the 58th anniversary of the accession of Queen Victoria to the throne of Great Britain, by special command of Emperor William, a royal salute was fired at noon from all the German warships, which at the same time hoisted the British flag to the strains of the national anthem of Great Britain.

HOLZEMAN, Germany, June 20.—The Hohenzollern reached the canal lock here at 12:40, the first vessel to formally pass through the canal, and was greeted with vociferous cheers from the mass of spectators. The Hohenzollern replied with guns to the salute of foreign warships, and the opening of the Baltic and North Sea Canal was an accomplished fact.

Georgia's Governor Better. ATLANTA, Ga., June 20.—Contrary to expectations, Governor Atkinson rallied last night. His physicians say he is better than at any time since the operation.

TRAIN ROBBER BRADY AGAIN.

A Poss in Hot Pursuit of Him. RICHMOND, Cal., June 20.—Thirty men are searching for train robber Brady in the vicinity of yesterday's fight between Brady and the officer, when Brady received two gunshot wounds in the face. The bushes near the scene of the battle are thick and Brady was probably hiding. Constable Martin says when he started from Cottonwood he expected to locate Brady and then return for a posse. Martin suddenly came upon Brady, who pulled a gun, and Martin had to fight or allow Brady to escape.

Brady was last seen at Dawson's by a colored man living a mile and a half from the scene of the shooting. Brady walked quite lame. He had two shots in the right side of his face, and the right eye was swelled and closed or gone. He asked for a drink of water and left. He had his shotgun with him.

Boies is for Silver.

DES MOINES, Ia., June 20.—Ex-Governor Horace Boies of Waterloo has written another letter, in which he comes out more vigorously than ever in favor of the free coinage of silver. The letter is addressed to George E. Lewis of Des Moines.

In it Mr. Boies advocates the free and unlimited coinage of silver, independent of the action of any other Government. He says that the most dangerous enemies of silver are those who, while claiming to want bimetalism, demand it under such circumstances that they know it can never be realized. He suggests that this country should coin its own silver, and that this would increase the value of the metal the world over, so that there would be no danger of a flood of the metal here.

He also proposes that this country should take up its other forms of paper money with an increased issue of silver certificates, which would by this arrangement be given the full value that their face indicates, and as every dollar of the certificates would be backed by coin, it would be the best system in the world.

A Negro Lynched.

MEMPHIS, June 20.—Passengers on the Illinois Central report that an unknown negro was lynched at Abbeyville, Miss., last night for an attempted criminal assault on the wife of a section foreman. The negro was hanged to a telegraph pole and riddled with bullets.

A special to the *Scimitar* from Abbeyville states that the negro lynched was Will Chandler, and his victim, Miss John, a daughter of a prominent citizen, and not the wife of a section man.

Killed in a Mine.

ANGELS CAMP, June 20.—Thomas Laughlin, about 29 years of age, was killed in the south shaft of the Utica mine last night. Contrary to the posted rules of the company, he was ascending the ladder from the 700 to the 600 level, hoping to make it in time, when he was struck by the skip and knocked 30 feet into the ramp of the shaft. He was dead when picked up. Deceased was raised near San Andreas in this county. The coroner's jury attributed the accident to the young man's carelessness.

One of the Dalton Gang Captured.

VICTORIA, Tex., June 20.—Sheriff Sullivan has returned from his chase of the Dalton gang. Lewis Johnson, one of the three, was captured and the evidence against him is complete. One of their confederates turned State's evidence and gave away a plan they had made to rob the Southern Pacific train between Houston and New Orleans.

The Commander-in-Chief of the U. S. R. Flota California.

SAN FRANCISCO, June 20.—Commander-in-Chief Thomas G. Lawler of the G. A. R. accompanied by Adjutant General Cassius Clay Jones of Rockford, Ill., arrived this morning from Oregon on an official tour.

Four Thousand Gallons of Oil Burned.

SAN FRANCISCO, June 20.—Cars containing oil from Santa Paula were turned to-day on the railroad track at Seventh and Townsend streets, it is supposed from spontaneous combustion. An explosion followed, damaging the tracks and other cars. Four thousand gallons of oil were destroyed.

CHAUNCEY M. DREW, who as manager of the Vanderbilt system of roads, receives a salary of \$60,000 a year, addressed the students of the Vanderbilt University at Nashville, Tennessee, last Tuesday. He told the young men that a man can serve his country more effectively in preaching and promoting the building of good roads than in spending his time in spouting currency fallacies. As the Great Full-Stomach Orator evidently speaks from experience his remarks indicate that he believes he is serving the people better attending to his roads than in spouting currency fallacies for the gold-bugs.

Children Cry for Pitcher's Castoria.

You Can't take too much of
HIRES' Rootbeer
It quenches your thirst
That's the best of it.
Improves your health
That's the rest of it.

BREVITIES.

Fishing poles, tackle and bait at Lange & Schmitt's.

J. W. Ferguson arrived from Churchill county last evening.

Attorney Dennis returned from California yesterday morning.

Parke's Tea clears the complexion. Sold by S. J. Hodgkinson.

A furnished house is wanted for a small family. See 60-cent ad.

Miss Annie Kobb returned from Wadsworth yesterday morning.

James Kerrington arrived from Carson last evening and remained over.

Eugene Howell, Secretary of State, arrived from the east last evening.

Miss Frances Short was a departure for Wadsworth yesterday morning.

W. E. Dalton of Stillwater was an arrival on the west-bound last night.

Plumbing, tinning and pipe work neat and cheap at Lange & Schmitt's.

State Controller LaGrave was a passenger for Carson yesterday morning.

W. S. Beard of Eureka arrived from Wadsworth last evening and remained over.

State Treasurer Wosterfeld arrived from Carson last evening and remained over.

Judge Cheney returned from the eastern part of the State yesterday morning.

Garden tools, garden hose, lawn mowers and water pipe at Lange & Schmitt's.

Farmers are haying along the Truckee. The alfalfa crop is said to be a fair average.

W. R. Harris, one of the U. S. Secret Service Detectives, changed cars for the west last night.

Dr. H. A. Fredrick and Hyman Fredrick arrived from the west Wednesday morning.

Jas. Shaw of Dayton arrived on the west-bound last night and will leave for home this morning.

James Sutcliffe and wife arrived from Pyramid Lake last evening and registered at the Palace.

C. C. Wallace changed cars for Carson yesterday morning, and returned on the V. & T. last night.

Al. Helms and Knapp, the bicycle agent, started for Virginia yesterday afternoon on their wheels.

C. Novacovich received a car-load of vegetables, onions and potatoes, from the west yesterday morning.

Isador Goodfriend, representing Lewis, Kline & Co. of San Francisco, spent the day here yesterday.

Major J. J. Baker arrived from Wadsworth yesterday morning and left for the Comstock in the afternoon.

Samuel Cliff of Franktown visited Reno yesterday. He says the fruit crop is good in his neighborhood.

H. F. Adler, representing Steiner, Strauss & Hyman of San Francisco, was looking over the town yesterday.

The District Court was occupied yesterday in hearing the case of Thomas Orr vs. Geo. Ulyatt and wife.

C. J. Brock will commence moving his shelling and stock into his new store in the Investment building to-day.

The High School graduates sat for a group picture yesterday. Skinner was the artist and this fact guarantees the very finest of work.

The family of J. C. Stubbs arrived from the west yesterday morning in a private car and will probably occupy the Foley residence.

L. Guggenheim, Grand Secretary I. O. O. F., arrived from Wadsworth last evening and will go to his home in Virginia this morning.

Geo. H. Cunningham, superintendent of the race track, says that everything is in apple pie order and that there are now twenty-two horses stabled at the track.

W. J. Brandon has been out at the Spring Valley placer mines in Humboldt county. He says an Indiana company has built a flume and is working the mines and making them pay.

The Hawthorne Bulletin says the sale of the Douglas, Brown, Grassie and Pedrassi mines in Silver Star District, is a certainty. It is impossible to learn the exact price. The new owners will take possession July 1st.

Parke's Sore Cure, cures nervous troubles by purifying the blood and removing the poisonous uric acid from the kidneys. Many women who are run down and worn out need just such a medicine. Sold by S. J. Hodgkinson.

Michael King, bound over by the Justice of the Peace of Paradise, on a charge of horse stealing, was taken before Judge Cheney at Winnemucca on a writ of habeas corpus and allowed to go upon his own recognizance, to appear before the Grand Jury.

The Summer girl is wearing a blouse waist with sleeves larger than ever, a skirt with godet plaits, a jaunty yachting cap, but no veil. She has found that her complexion is her strongest point and that when she takes a cup of Parke's Tea at night it keeps it fresh and clear and that a little sunburn is an added attraction. She finds, too, that she can be more athletic if she never misses her cup of Parke's Tea. Sold by S. J. Hodgkinson.

CARSON CITY AFTERMATH.

A Good Record for Comfortable Stealing. According to Evidence at the Examination—Here's Explanation of Mint Crookedness—A Sermon on the Mount Davidson.

[Correspondence of the Journal.]

CARSON CITY, Nev., June 20, 1895.

In the summing up of the testimony elicited throughout the official examination of the Carson Mint defalcation we have to see this: The opportunities for stealing have been unlimited and consistently utilized. Leagues reminding us of street sprinkler liberality have been developed, and still further in anticipation, for, as before remarked, although \$77,000 has been figured out as the utmost extent of the shortage, less than one-half of it has been figured out as to where it has gone to.

But the principal feature is that there has been no special defense against any of this shortage, or stealing, except the honesty of the employee or official in charge or transit of the bullion received from the depositor. Thus it is that the Government finds no loss and the depositor the same. "He who is robbed, not missing what it stolen; let him not know it, he is not robbed at all." This is certainly the strictest case in that line any of us ever heard of.

After this cruel war is over Johnny Jones will sue somebody for libel and defamation of character, so also may Henry, Pickler and Piper, perhaps others yet to come in. Anyhow it is the queerest, mixed up Government judicial affair anybody, even U. S. Attorney Jones, ever experienced in this section.

Henry tells this on U. S. Secret Service Agent Grant. On his return to Carson the other day in charge of U. S. Marshal Humphrey, Grant took Henry aside and talked square business to him.

"Mr. Henry, you are a very smart, intelligent man as I have been informed, and now easily perceive, and I wish to interview you for your own good as well as in the capacity of a Government detective. Now you are most certainly perfectly conversant with the crookedness we are after in the mint and can tell us all about it. Just you quietly help us investigate and place the business and you will not be prosecuted."

"All right Mr. Grant, I will confess this to you, on the aforesaid consideration, that the crookedest thing I knew of in the melting and refining department where I was employed was the lead steam pipe coiled about the bottom of the big granulation tank. I helped crook it around myself."

A. S. Benner, an old Comstock mill and mining man is in town to-day. Leo Heckinger, the man who carried a keg of beer on his shoulder to the summit of Mount Davidson and back without stopping from the C street front of the International Hotel, Virginia, three or four years ago, offers to take Benner up over the same trip for suitable coin on the coming Fourth. Benner don't favor the idea, though he weighs 245 pounds.

POLITICAL SPIES.

An Old Nevada Persecuted by Small Brained Enemies.

No doubt the old timers of our county have noticed a statement in the San Francisco Examiner giving an account of the arrest of George A. Sturtevant, District Attorney of Mendocino county, for illegal voting at an election held there last month. From later reports it appears that the prosecution is instigated by a lot of disgruntled Democrats as a matter of spite. The grounds for complaint being merely technical, as it seems that the District Attorney chose to vote in the district where his home is and where he pays taxes, but it seems that his political enemies insist that he could only vote at the county seat where his office is. This it seems to us is drawing the matter down to a very fine point. It may be said possibly that this is none of our business, but we can assure the prosecutors that if it was simply a matter of bail, all of the old friends of James H. Sturtevant and family in Washoe county are ready and willing to go on the bonds. No one in this or Ormsby county will ever believe that George Sturtevant ever would transgress the laws.

THE FOURTH OF THE COMSTOCK.

The People as Patriotic as Ever and a Good Celebration Promised.

The citizens of Virginia City will celebrate the coming anniversary of the Declaration of Independence in an appropriate manner. There will be numerous special attractions in addition to salutes, military and civil parades, fireworks, etc. Chairman Kinkead of the Executive Committee says the people of the Comstock are as patriotic as ever, but they have less money. They propose, however, to treat visitors with customary Comstock hospitality, and they invite the public to attend, with the assurance that no pains will be spared to have the celebration worthy of the day.

Danish Society Election.

Valdemar Lodge No. 12 of the Danish Society "Danis" has just held its annual election and the following officers were elected for the ensuing term: Past President, P. Rasmussen; President, C. H. Daborg; Vice President, O. Larsen; Secretary, L. Nelson; Financial Secretary, A. Sorensen; Treasurer, H. Clausen; Marshal, C. Sparreton; Vice Marshal, J. Christensen; Hall Inspector, A. Nelson; Trustee, N. C. Wilson; Revisers, S. J. Brandt and P. Rasmussen. The Lodge numbers over forty members and is in a flourishing condition.

ABSOLUTELY PURE

DIMENSIONS OF THE UNIVERSE.

It Takes a Thousand Years For The Light Of Some Stars to Reach us.

While, however, it is interesting to know the distance of some of the stars in miles, when stated in that way the numbers are so large that they frequently convey very indistinct conceptions to the mind, says a writer in the *Chautauquan*. For this reason it is customary to estimate star distances in "light years." A light year, is the distance that light moving at the rate of 186,300 miles per second, travels in one year. This amounts in round numbers to 5,880,000,000,000 miles. The distance of Alpha Centauri is 4.35 light years; that of Sirius, the Dog Star, is almost exactly twice as great, or 8.6 light years. In other words light requires 8.6 years to come to us from Sirius. And those are among the very nearest of the stars. Some, whose parallaxes have been rather estimated than measured, appear to be situated at a distance which light could not traverse in less than one or two centuries. The great star Arcturus, for instance, has, according to Dr. Elkin, a parallax of only eighteen one-thousandths of a second. Its distance must in that case, be about 181 light years, or more than a thousand million miles. And if its distance is so great, then since light varies inversely as the square of the distance from its source, it can be shown that Arcturus must actually give forth 5,000 or 6,000 times as much light as the sun yields. Yet Arcturus is evidently much nearer than the vast majority of the stars are. Not one in a million is known to have a parallax large enough even to be intelligently guessed at. There may be stars whose light requires thousands instead of hundreds of years to cross the space separating them from us.

We thus see that only a few points on the nearer shores of the starry universe lie within reach of our measurements; here and there a jutting headland, while behind stretches the vast expanse over which the hundreds of millions of stars known to exist are scattered.

CHINESE SLICE ROBBERS.

One of Them Had Two Onions of Gold in His Shoes.

Three Chinamen, whose names are, Ah Gate, Ah Kee and Ah Ti were brought down from Golconda yesterday and lodged in jail, having been held to answer before the Grand Jury by Justice Langwith of that place, on charges of grand larceny. The Chinamen were arrested by Sheriff Hadley at the Gold Run placer mines last Friday for slice robbing. The robbery was committed about June 5th, and Foreman Warren at once suspected the three Chinamen named. About \$200 worth of gold was taken from the boxes. When arrested two ounces of dust was found hidden in one of Ah Ti's shoes.

A Noted Improvement.

Since Francis opened up the Wieland Saloon the old decorations in red and gold have been unchanged till now. Messrs. Parry & Evans have just had the place totally refitted in a most artistic manner. The walls and ceiling have been handsomely decorated and frescoed and the woodwork artistically painted. Fine works of art decorate the walls and all in all the old-time saloon is a sight to cheer artistic eyes. The card tables have been thoroughly renovated and feel so well over their new condition that they actually blush at themselves. The parlors up stairs have been renovated and are the handsomest in town. Tom Evans, the well known singer and one of the genial proprietors, with a corps of affable assistants, is on hand day and night. They deserve a call. Cool and sparkling Wieland beer, the most refreshing beverage for this warm weather, constantly on draught and bottled.

Settled With the State.

Treasurer Boyd has made his settlement with the State up to June 1st, and has received returns giving the apportionment of the amount forwarded. The following are the amounts of monies paid on account of the State:

Armory rent	\$525 00
Treasurer's salary	326 84
Assessor's salary	438 22
Auditor's salary	281 84
Total	\$1,628 90
Balance due State	1,604 00
Revenue payable to State	\$3,190 90

The balance of \$1,654 has been apportioned by the Controller as follows:

General Fund	\$1,189 58
School Fund	86 90
State Interest Sinking Fund	168 00
Territorial Int. Sinking Fund	121 63
State University Sinking Fund	20 83

A Growing Industry.

The Reno Macaroni Factory has evidently come to stay, and that it stays well with the palates of the people is evidenced by the fact that yesterday the firm shipped two hundred eleven pound boxes and five one hundred pound boxes to Truckee alone, over a ton and a third of the finest kind of assorted macaroni paste.

Furniture for Sale.

The household furniture of J. Armstrong is being sold off rapidly. Any one desiring bargains should call early at the residence, 8 West street. 40-20-21

BREVITIES.

John Fitzgerald has the best of liquors and cigars on sale and his fancy drinks cannot be excelled by any mixologist in the country. Call in at the Arcade and see how nicely it is fixed up.

There were several Ute Indians from Utah, about town yesterday selling wall hat racks made out of cattle and buffalo horns. They disposed of quite a number at from \$3 to \$5. The rack is quite a novelty and very convenient.

The Carson *Tribune* says James Henry's bondsmen are: Jacob Klein, President of the Bullion and Exchange Bank, \$7,000; Ellen Barnes, Henry's mother-in-law, \$3,000; C. H. Colburn, formerly Colner in the Mint, \$3,000; Dr. B. L. Lee, \$2,000; Ed. Reynolds, \$1,000.

Railroad men report that after July 1st brakemen will not be permitted to ride in the cabooses or on the engine of freight trains. Several cars have caught fire recently from sparks from the locomotive and the brakemen are expected to be on deck to prevent such accidents.

J. V. Koeley, a mining man from Lincoln county, arrived in town last night from Humboldt county where he has been looking at gold mines. He says Mrs. Strawbridge, nee Ida Meechan, has discovered a gold mine in the Humboldt range which will pay from the croppings as far into the ground as it has been prospected.

It May Do as Much for You.

Mr. Fred Miller, of Irving, Ill., writes that he had a Severe Kidney trouble for many years, with severe pains in his back and also that his bladder was affected. He tried many so called Kidney cures but without any good result. About a year ago he began the use of Electric Bitters and found relief at once. Electric Bitters is especially adapted to cure all Kidney and Liver troubles and often gives almost instant relief. One trial will prove our statement. Price only 50c. for large bottle. At Hodgkinson's Drug Store.

The Grandest Medicine.

One of Reno's prominent ladies says: "Viari is the grandest medicine in the world." She had treated with the best specialists in the city; also had employed local physicians, but says: "Viari beats them all," and I quite agree with her. I will be pleased to explain the cures we make to all who call. Mrs. B. E. Hunter, Viari Co.

New Spring Goods.

Read Emrich's new ad. His assortment of flannels, ducks, challies, delaines, satens and other spring goods cannot be excelled anywhere. He also has a splendid line of ready made waists of the latest style. Carpets of the latest patterns of all kinds are a specialty. Call early and inspect the goods, my 21st

When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had Children, she gave them Castoria.

Bucklen's Arnica Salve.

Scrofula From Birth

Other Medicines Utterly Failed

But Hood's Sarsaparilla Cured.

"Some time since, our boy then four years old was in the hands of the family doctor for treatment for scrofula. He had been afflicted with this trouble from birth and we had been unable to give him

Only Temporary Relief.

We decided to give him Hood's Sarsaparilla and are glad to say a bottle of Hood's entirely cured him. Our oldest daughter has been taking Hood's Sarsaparilla for rheumatism with good results. We have used from first to last some \$10 worth of the medicine and have received the equivalent of several hundred dollars' worth of doctor's treatment and good health to boot. We cannot speak too highly of Hood's Sarsaparilla as a blood purifier. It is all that is claimed for it." C. E. MYERS, Windom, Kansas.

Hood's Pills

act harmoniously with Hood's Sarsaparilla.
